

ANYTIME CITY CLEAN UP

In an effort to improve convenience to you and the City, the discounted rates for clean up will be extend all year long. There will no longer be a designated week in the Spring and the Fall. The **ANYTIME CLEAN UP** discounted rates will have the following guidelines:

- To get the discounted rate you must call the City office and request a dumpster at your residence. You get the rent and two dumps of the dumpster for half price, **once per year**. You can still get a dumpster at the regular rate as often as you need it.
- Regular rate for a dumpster is **\$8.00 rent** and **\$12.00 for each dump**.
- To keep dumpsters available, the maximum time period for rental either for Anytime Clean Up or normal use is 14 days. After 14 days there will be a one dollar charge per day added to the \$8.00 rental fee.
- Regular daily garbage must not be placed in dumpsters and has to be put in the yellow or blue City bags or in a 32 gallon or smaller container with a tag or yearly sticker. If regular daily garbage is found in your dumpster, your dumpster will be removed without notice.

Questions you may have:

What if I just have a few bags of cleanup stuff and don't need a dumpster?

If you have about 6 bags or less of clean-up stuff, the cheapest thing to do is to call the City office and tell them you will have a few extra bags of clean-up stuff and just to set it out with your regular garbage. You will probably be charged for one yard of garbage. Which is \$6.00

What if I need more than 2 dumps and sign up for the Anytime Clean up?

The first 2 dumps will be the half price and any further dumps will be regular price. The rent will still be half price.

What if I have a dumpster now, will I get the Anytime Clean up rate?

Yes, if you call the City Office and request it.

If you have questions or concerns about the Anytime Clean-Up, Please cal the City Office at 218-745-5343.
